# Trillium

## Trillium® RFID locks:

- With a one-piece design, Trillium radio frequency identification (RFID) locks offer a wide variety of levers and finish options to complement your décor.
  - RFID locks enable guests to move faster and more efficiently, and also provide an additional level of reliability compared to magstripe locks.
  - Trillium locks provide the option to implement enhanced credential security for RFID keycards by choosing MIFARE Plus® technology.
- 

# Trillium ADVANCE

## Trillium ADVANCE RFID locks:

- With a two-piece design, Trillium radio frequency identification (RFID) locks offer a wide variety of levers and finish options to complement your décor.
  - RFID locks enable guests to move faster and more efficiently, and also provide an additional level of reliability compared to magstripe locks.
  - Trillium locks provide the option to implement enhanced credential security for RFID keycards by choosing MIFARE Plus® technology.
- 

# Serene

## Serene™ luxury locks:

- Serene locks use Bluetooth® technology to stay in a ready state so guests can use a hotel provided mobile app to unlock as they approach the door.
- Onity's DirectKey system protects mobile key credentials using 128-bit AES encryption which provides an additional layer of security on top of locking system features built into Serene locks such as user access permissions and audit trails.
- Serene lock firmware can be upgraded through a firmware utility to optimize lock performance and add new features.

# Onity Locks

## Security and style on your terms

Brilliantly designed yet simple to use, Onity locks make it easy to help protect your property and your guests.

- **Great looks:** Keep today's modern aesthetics top of mind with a variety of options to blend into virtually any decor.
- **DirectKey™ ready:** Get a proven mobile key solution right out of the box—Onity locks are available with an optional DirectKey module, or can be updated on premises when you are ready to make the leap to mobile access.
- **Easy to upgrade:** Ensure the locks you choose are ready for the long run—Onity locks offer straightforward upgrade paths and elegant designs that provide style for years to come.

## Options

### Credentials

# Space-saving keycard encoding

## Compact RFID Encoder:

Onity offers a compact RFID encoder<sup>2</sup> that works seamlessly with the OnPortal system. Features include:

- 13.56 MHZ / ISO 14443B
- Supports MIFARE Classic®, MIFARE Plus®, MIFARE Ultralight®, MIFARE Ultralight C
- Connects via USB port or via optional IP to USB hub
- Dimensions 3.5" x 2.2" x 0.7" (88mm x 56mm x 18mm)

## IP Hub:

The IP hub<sup>2</sup> enables flexible configurations for fixed and ad-hoc check-in. Staff can create and manage both mobile and physical key credentials.

- Dimensions 4.6" x 2.9" x 1.2" (118mm x 74mm x 30mm)
- Power via separate power supply: 5V, 5A (included)

<sup>2</sup> Refer to OnPortal system data sheet for additional specs and compliance information

## The OnPortal hardware kit is designed for efficiency and flexibility for midscale, economy and independent properties

Our new hardware kit is a plug-and-play, out-of-box system that is delivered ready to go. Easy to set up, use and maintain.

The new hardware kit conveniently includes it all – computer, tablet and touchscreen – and comes pre-loaded with the OnPortal system. Scalable for multiple stations, it includes everything you need to manage your Onity lock system. The hardware kit comes with:

- A high-quality mini PC, foldable laptop/tablet which can be used as an Engineering workstation, touchscreen monitor with a heavy-duty stand, encoder, ethernet switch, portable programmer and all required cables
- Windows 10 and the OnPortal system pre-installed and configured
- Direct integration with Onity's DirectKey mobile access system which allows guests to use their smartphone as their room key remote or onsite
- OnPortal system training is available at an additional cost

### Kit includes:

Foldable Laptop/ Tablet

Mini PC

Onity Encoder

Ethernet Switch

Portable Programmer Adapter

Touchscreen Monitor with stand

Note: images are not to scale

# ***Onity Safes***

## ***Reliable and secure in-room storage***

Onity in-room safes are an excellent choice for hotels looking for a reliable safe designed to securely store laptops, tablets, purses or other valuables. Onity safes feature two solid-steel, anti-drill rotating bolts for mounting, low battery warning and audit tracking.

### **OS100 Safe with Keypad and Audit Trail**

- Budget friendly, easy to use with right hand and top-opening door
- 6-digit red LED display with 3, 4, 5 or 6-digit PIN code options
- ADA compliant keypad and “Code to Close” technology

### **OS200 Safe with Keypad and Top-Opening Option**

- Guest friendly with front-opening and top-opening designs available
- 6-digit green LED display with 3, 4, 5 or 6-digit PIN code options
- ADA compliant keypad and “Code to Close” technology
- Interior carpet and interior light (17” laptop size only)
- Black or white (17” laptop size and top-opening only)

### **OS500 In-Room Safe with Keypad and Audit Trail**

- User friendly with sleek, modern design and front-opening door
- 6-digit blue LED display with 3, 4, 5 or 6-digit PIN code options
- ADA compliant keypad and “Code to Close” technology
- Interior carpet and interior light

### **OS700 Contactless RFID Card Safe**

- Contactless RFID technology allows operation to both guestroom locks and safe using keycards, wristbands or key chains
- Sleek modern design with left- or right-hand front-opening drawer
- Interior carpet
- Black or white

# Hotel Automation

## Touch Switches

### CORRIDOR PANEL VERTICAL

### HOTEL PRODUCT RANGE

Model No: FD-HCP-RNV

### Corridor Panel With Room Number Vertical

This panel is a crystal glass finish with Hotel Room number and Logo. The Hotel Room Number and Logo will glow when occupied or as per requirement. It has got 3 indication 'Do Not Disturb', 'Make My Room' and Laundry. It glows when activated by the guest. It has touch button for door bell but when the DND is activated by guest the bell does not ring. The panel is vertically fitted and looks great on the wall. Also the glass size is big but the conceal box is of any 2 module standard size box on the wall. Thus fits into existing bell switch 2 gang box. Can be installed into existing hotel room also.

#### Features

- Vertical fitting
- Glowing Room Number and Hotel Logo
- 3 indication for DND (Do not disturb), MMR (Make my room) and Laundry
- Capacitive Touch Bell switch button
- Bell does not ring when DND is activated by guest
- Hotel room number and Logo glows when room occupied by guest
- Crystal Glass finish
